CHAZAM

PLAYS ORGAN AND SINGS SOME SONGS

Most simple technical rider for a set based on the use of a
philicorda ORGAN, a bass synthesizer

a beatbox and a voice... Other units you may provide are powerful guitar or organ amplifier, bass amplifier, DI's, SM57 microphone, one mix of monitoring, lights and dressing room. Show can last from 30 to 90 minutes, on a regular stage or any other interesting configurations... Transportation by train or car is favored. Plane with additional cost of luggage (25kg)

A PECULIAR ARTIST BEYOND THE FASHION... Votre CHAZAM, formerly known as the Crazy Electronic Music Showman and as one major partner of Jean Jacques PERREY, proposes his new live project. Please take the time and check his U-turn from "Electropop" to "Lounge-core", and his gracious lovely program of "chansons de désamour" ...

"WHO ?" Votre Chazam is a prolific composer who wrote music for many theater and contemporary dance shows as well as motion pictures : he produced many albums over the years under his name, or with bands like Tschack!, Eclectricks, Nearly Twins, or personalities like Jean Jacques PERREY. He's also a sound designer in the contemporary art field, and working with artists like Christian Boltanski and others... As a musical performer Votre Chazam plays all over Europe in many clubs and festivals...

"WHAT ?" The most simple process: one man sings in front of people without any of the artifices technology can now provide. He plays organ to accompany his own songs, and some strange covers. there are no videos, the only images is poetry in the imagination of the listeners...

Chazam is a real European crusader for the confrontation of languages: he sings in many languages like English, Spanish, Bosnian, French, Italian, Nederlands, Polish...

Humbly in the footsteps of Timmy Thomas, Votre Chazam proposes a graceful show, a rare moment of truth and elegance ...
